Date : 14<sup>th</sup> October 2016

To,  
Whomsoever this may concern,

This is to confirm that Hoshmand Elavia, was Runner up of the JK Tyre IndiKarting National Series, powered by Tata Motors in 2016. This title was in the Pro Cadet category of the National Series for racers aged 7 to 12. Along the way he had 4 victories & 12 podiums in total out of 15 races!

Hoshmand's very impressive performance in his very first year of karting is highly credible considering that along the way he had won races ahead of more established & experienced young racers.

As part of IndiKarting's commitment to take potential racers to the next level, Hoshmand will get a highly attractive sponsorship from IndiKarting to participate in the JK Tyre National Rotax Championship which is India's highest level of karting.

The sponsorship from IndiKarting is backed with funding from – Rayo Racing, JK Tyre, Tata Motors & IndiKarting. As runner up – Hoshmand will get only 50% of the total budget (Rs. 1,731,000) for the National Championship. In order for Hoshmand to be eligible for this 50% sponsorship, he will have to first find & pay upfront, the balance 50% amounting to Rs. 865,500 latest before 1<sup>st</sup> March 2017. This total cost will broadly cover the following – Unlimited use of a chassis & engine for the entire duration of the season, basic running & operating costs for each weekend including 1 set of tyres. running cost for an additional 10 days of testing, yearly coaching & career management from Rayo Racing, racing gear, telemetry equipment.

The above is a decent budget for him to compete competitively. However, it needs to be kept in mind that he will be competing against racers who have competed for 3 or more years, in the same category already! Therefore Hoshmand will definitely need a lot more track time over & above the package mentioned above. We would highly recommend the following additional extras –

5 days of Testing – Rs. 110,000

8 sets of Tyres – Rs. 144000

Engine Rebuild x 1 – Rs. 45,000

JK Tyre Rookie Cup (Separate 1 weekend event) – Rs. 136,000

International Race (The more the better) – Rs. 350,000 per event

**TATA MOTORS**

Over and above all the costs mentioned above, Hoshmand will also have to cover his own travel, accommodation & boarding at each venue and also any costs arising out of accident damage.

Hoshmand is talented & very motivated to climb the racing ladder. This has ensured that he has worked very hard to get here. His achievements so far, were well beyond initial expectations & I am very confident that Hoshmand will be a future champion & go on to even win for India Internationally. However this is possible only if he can attract the right funding.

I would highly recommend investing in Hoshmand and he will definitely go ahead and bring a lot of pride to all involved. I can be contacted on +91 98920 77956 for any clarifications / explanations required. Any funding / sponsorship given to Hoshmand can be given either directly to his parents or to our company.

Thanking you in advance for your time & support.

Yours faithfully,

  
Rayomand Banajee  
Director
